

# WHAT MAKES JAIME UNIQUE?

ASSESSED BY RED BULL WINGFINDER, 24 OCTOBER 2019

Top strength:

## INTUITIVE

In most situations, Jaime prefers to follow his instincts. Jaime doesn't like to overthink or over-rationalise things.

He succeeds through

- using his common sense
- having an instinct for what to do
- learning from life

Uses intuition to guide problem-solving

Could benefit from a more analytical approach to problem-solving

This strength is a key part of the way Jaime THINKS

THINKING measures how abstractly or concretely Jaime prefers to think when solving problems. He prefers to be hands on and get stuck in. Jaime enjoys finding intuitive solutions to practical problems and believes learning comes from experience, not text-books. He applies his common-sense approach to even complex situations.

Top strength:

## PATIENT

Jaime works to live rather than lives to work. While he does work hard at it, his job is not his life.

He succeeds through

- living in the moment
- knowing when to take things seriously or not
- learning from others as they take the first leap

Is satisfied with things as they are

Can be passive rather than proactive

Top strength:

## CONFIDENT

Jaime has a strong belief in his own abilities. Only in the most challenging situations can he appear less than confident.

He succeeds through

- taking the lead
- taking on tough situations
- presenting himself as very capable

Is comfortable in the limelight

May have very high expectations

These strengths are part of what DRIVES Jaime

Jaime's DRIVE result measures his level of ambition. He is confident and always aims to do his very best work, but he doesn't see the people around him as rivals. So while Jaime enjoys being praised for his achievements, he is equally happy to see others being recognised for theirs.

Top strength:

## ADAPTABLE

Jaime is excited by a good degree of uncertainty. He is able to adapt to new ideas and situations, and doesn't like being too definite in his thinking.

He succeeds through

- his adaptability to change
- his willingness to try something new
- his flexible thinking

Responds well to new environments

Can take on too many tasks at once

This strength is part of Jaime's CREATIVITY result

Jaime's CREATIVITY result measures how original and innovative or how logical and analytical his thinking is. He is full of new ideas and also recognises the importance of combining this with the tried-and-tested approaches. He enjoys the balance between the new and the old, and appreciates originality when it's not too eccentric.
